NEW PROSPECT BAPTIST IS BLESSED WITH NEW BUILDING AFTER TORNADO

The first week of April 2008, a tornado went through the Glen Rose, Texas area and caused major damage in the little community of Nemo, Texas. The New Prospect Baptist Church was hit and two portable classroom buildings were destroyed. One of our builder couples, Ray & Anita Keller are members of that church and asked if The Texas Baptist Men Retiree Builders could help rebuild with one permanent building. The Disaster Recovery Builders were activated and the project has been completed. A new building was constructed with money that the small church received from the insurance company. What a blessing this church was to our builders and wives!

BRICK MASONS

At the present time, the brick masons have no jobs scheduled for the summer. I will notify you as soon as I have any other new information.

Thanks,

CHURCH BUILDERS

FIRST BAPTIST CHURCH, DODGE, TX

In May, a good group of our Church Builders traveled to Dodge, Texas to work on a 3000 sq. ft. building from the slab up for First Baptist Church of Dodge. When our men left, the trim work was complete, painting was being done and they were ready for the brick to go up.

Our ladies had a number of "hands on" projects going while in Dodge which included crocheting and giving of necklaces, and potholders for ladies who served meals, and making lap robes, penholders and door hangers for nursing home patients. They found time to bake cookies for men at the Dodge Fire Department and a group sang for the local nursing home.

Note from Bill....

Over the past few months several of our builders have expressed concern that we were getting low on volunteers. On some projects we are having difficulty accomplishing all that is needed. These concerns are coming from all our groups. We are trying to speak at as many churches and organizations as possible. If you would like to speak or if you have ideas or suggestions, they would be welcomed. They say that the best method of recruiting is by word of mouth. We need to keep putting out the word.

Also, when we are on projects, please wear your name tags, hats or jackets (weather permitting). When we are out in the communities where we are working, people notice and ask questions. That will give you the opportunity to share the Good News.

Have a great summer,
SYDTR.
